

LUXURY DOSSIER

craftsmanship

/ˈkraːf(t)smən**ʃ**ɪp/

noun

skill in a particular craft.

Art enriches life; the experience of using items that are crafted with care and attention to detail elevates experience; these truths have informed the way in which Kohler, conceives, designs and creates products.

The collection in this book reflects Kohler's intrinsic detailing to adorn the ambiance with bold luxury. Walk through enchanting work of gifted artisans, where bold design meets exquisite craftsmanship.

On the Cover

Etched in natural stone, Kensho_™ is a vibrant marriage of strength and beauty, Eastern motifs and Western artistic techniques. The sensuous curves of smooth carved stone reveal a patchwork of Japanese sashiko kimono patterns depicting organic elements such as waves, mountains, and bamboo.

The etched patterns are brought to life using a champagne-gold metallic finish. This labor-intensive handcrafted process, wrought on natural stone, makes each Kensho™ sink unique - and a stunning statement piece for the bath.

...Art washes away from the soul the dust of everyday life...

A History of INNOVATION

1873

Kohler Co. is founded by John Michael Kohler in Sheboygan, Wisconsin.

1883

An enameled castiron horse trough/hog scalder is sold as a bathtub.

1905

Walter J. Kohler is elected as company president.

KOHLER® Co.

1926

KOHLER® Co. opens a plant in Village of KOHLER® to manufacture faucets and brass accessories.

1911

introduces the industry's first onepiece builtin-bath with an integral apron.

1920

KOHLER® Co. enters the

Power Systems business.

2019

2015

David Kohler elected as President and Chief Executive Officer.

2014

KOHLER® celebrates the grand opening of its first office in Johannesburg, South Africa.

2010

The second KOHLER® plant in Jhagadia, Gujarat, India, is completed and begins manufacturing faucets.

2009

David Kohler is named President and Chief Operating Officer.

2006

KOHLER® sets up office in India.

2008

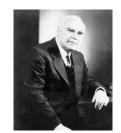

The European warehouse opens in Passel, France.

1927

KOHLER® Co. begins production at its new pottery building, capitalizing on a technological breakthrough, KOHLER® Co. offers Cast-Iron and Vitreous China plumbing products in matching pastel colors.

1937

Herbert V. Kohler, Sr., is elected President of KOHLER® Co.

1948

KOHLER® Co. begins producing and marketing small engines.

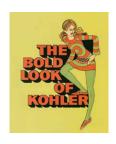

1965

Introduction of bathroom fixtures in "accent" colors, more vibrant than the pastels of the 1920's.

1967

New concept of boldly colored products under the tag line THE BOLD LOOK OF KOHLER®.

2001

Mira, the leading shower manufacturer in the UK, becomes a KOHLER® company.

1999

KOHLER® Co. expands European offices and distribution to include Oer- Erkenschwick, Germany.

1988

KOHLER® Co. opens its first golf course.

1972

Herbert V. Kohler, Jr., is elected Chairman of the Board and CEO.

Handcrafted from the finest materials to be one of a kind, these products are as individual as you are. For the homeowner with an artistic sensibility, decorative products let you create a space that is truly your own.

Bronze

Because of its strength and resistance to salt water, bronze is a fitting choice for a bathroom sink. Highly skilled craftspeople transfer each incredibly detailed pattern from mold to casting. Each sink is smoothed and polished to a burnished living finish that deepens with character over time.

Glass

Glass has a versatile, fluid nature that lends itself to artistic expression. Cast, spun, slumped or pressed – our glass sinks are crafted by our own small team of artisans, shaping basins that range from smooth and sculptural to intricate and patterned.

Ceramic

The inherent strength and durability of ceramics make them an ideal material for bathroom sinks. The use of Ceramic Ink Transfer technique achieves a high level of detailing and finish not possible with hand painting. With detailed precision, each pattern is hand-applied before the fixtures are fired to perfection in our custom kilns.

Metallic Details

Adorning things we value with precious metals is a tradition long practiced in many cultures. Gold and platinum, in particular, have ornamented fine dinnerware for centuries. We've extended this practice to several Artist Editions designs, layering gold and platinum into complex patterns for an added sense of formality and sophistication. Metallic patterns are hand-applied and kiln-fired for durability.

Subtle Textures

Textured patterns begin with meticulously carved, in most cases hand-chiseled, plaster molds. From these, we create working molds that produce ceramic sink castings ready to be glazed and fired. The use of translucent glaze imparts a unique visual and tactile experience. Color pools deepens where the pattern dips and is softer where the pattern rises.

Artifacts™ single-handle faucet in vibrant brushed bronze K-72762T-9M-BV

Lilies Lore®

Lilies Lore is derived from the rich and highly stylized plant motifs of Art Nouveau. Breathing new life into an old-world material, this cast-bronze sink takes on a modern shape through an organic and intricate floral pattern. The grid drain is built into the basin surface, offering a seamless bowl with a continuous pattern. Over time, the patina will deepen to a warm brown finish to reflect the movement of water. For a timeless and classic inspiration, pair with the Artifacts_{TM} collection of faucets in vibrant brushed bronze finish.

Kallos_®

With reflective facets of cut glass, Kallos, shines like a jewel in the bath or powder room. Part of the Artist Editions line of bath sinks, the spun-glass under-mount basin offers a distinctive architectural pattern reminiscent of fine crystal. This basin's design creates stunning visual depth while appropriately concealing the view of toiletries stored inside the vanity.

K-2361-B11 Under-mount bathroom sink Dia. 406mm | H 130mm

Laureate

Laureate_™ combines a textured acanthus leaf pattern with a metal working style used by the Ottoman Turks. Popular in the 18th century, the leaf motif was used in embossed fabrics and as an architectural detail. Available in polished platinum, rose gold and gold, this Caxton sink lends elegance to your bath or powder room.

K-14008T-PD-0 | Laureate™ undercounter in vibrant polished gold on white | 432mm | 356mm | 191mm

Mille Fleurs

Inspired by old-world folk art, Mille Fleurs™ adds an understated elegance to the bathroom. Its blossomladen branches and birds of flight capture the delicate artistry found in embroidery, rosemaling, and tapestry. Platinum and gold accents add a refined sense of luxury to the vessel.

K-14223-T9-47 | Mille Fleurs™ on Conical Bell® vessel | Dia. 413mm | H 108mm

Gilded Meadow™ Inspired by landscape watercolors, the carved floral pattern and precious metal accents of Gilded Meadow_{TM} create a textured and harmonious look. The dramatic conical shape and distinctive design adds sophisticated beauty while the neutral palette blends seamlessly with any décor. This vessel style sink is an elegant focal point in both traditional and modern spaces.

K-45922-DE-K5 Gilded Meadow™ with gold accents on Conical Bell® vessel Dia. 413mm | H 162mm

Flight of Fancy™

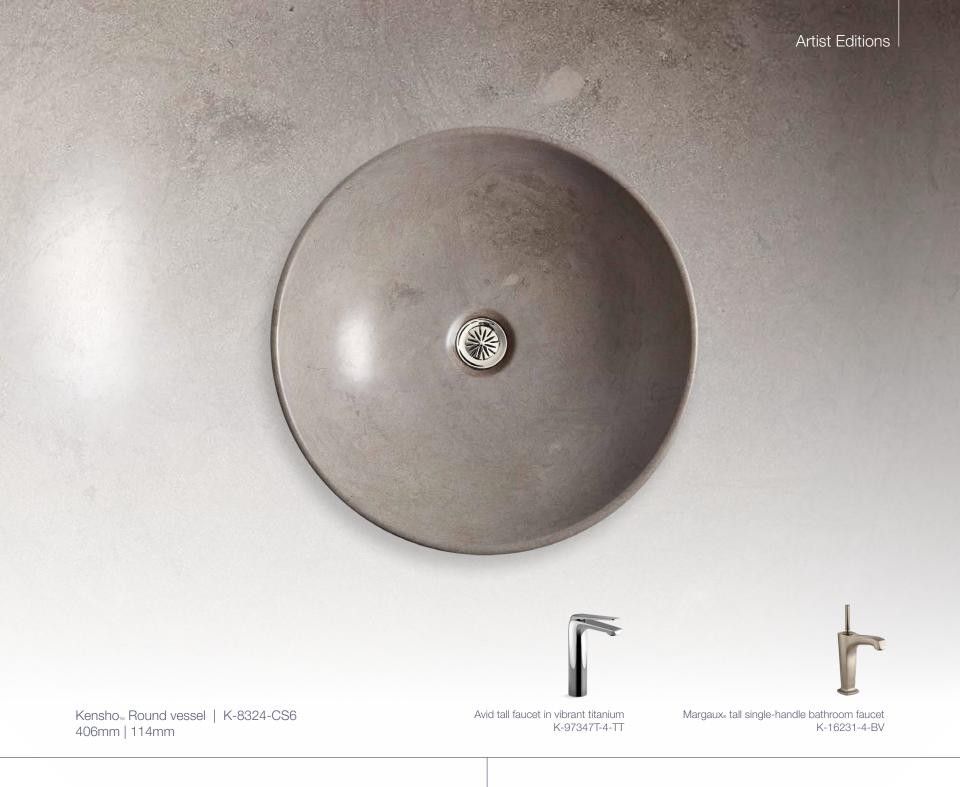

Tiny bees and butterflies subtly await discovery. Delicate and understated, the Flight of Fancy™ design on a Caxton® under-mount sink lends graceful elegance to the bathroom. A tribute to the time-honored craftsmanship of traditional raised enamel relief on dinnerware, the intricate floral detailing is framed by thin bands of rich gold.

Kohler_® Unique Experience

Here's a closer look at the technology systems that drive Kohler® hydrotherapies. Each of these technologies has been developed by our own design and engineering teams to bring you the best options and experiences in hydrotherapy.

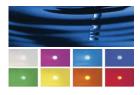

WHIRLPOOL JETS

Kohler® whirlpool jets are individually adjustable to target specific areas of your body. Delivering the optimal mix of air and water, they fully adjust the water flow intensity and directional control.

BACKJETS

Available on select models, the bodymassage backjet system, featuring ten Kohler® backjets, loosens tension throughout the back and shoulders and encourages deep breathing. Our backjets fire two by two, targeting the lower back first and moving all the way to the shoulders. In this way, our backjets simulate the natural progression of a hands-on massage.

CHROMATHERAPY

A colour experience designed to enhance bathing, this eight-colour spectrum washes over the body in a repeating one-minute sequence or may be programmed to rest on any one of the colours, to help create a soothing or energizing ambience.

EFFERVESCENCE TECHNOLOGY

A series of ports, optimally located, distributes champagne-like bubbles that comprises of the perfect combination of air and water, allowing them to cling to and caress your skin. The result is a sublime, all-encompassing experience.

BASK™ HEATED SURFACE

Select baths are available with a heated back surface for additional spa-like comfort. Three adjustable temperature settings invite you to customize your bathing experience and immerse yourself in warmth and relaxation.

RIVERBATH_{TM}

Available on select models, a factory-installed pillow with two integral neckjets pulses alternately from left to right for a stimulating, stress-relieving massage at the back of the neck. Customize your experience by adjusting the pulse and water flow to your level of comfort.

Whirlpool

Here's a closer look at the technology systems that drive Kohler® hydrotherapies. Each of these technologies has been developed by our own design and engineering teams to bring you the best options and experiences in hydrotherapy.

PROFLEX

With precise positioning and intensity-adjustable jets that deliver powerful directed massage, Kohler® whirlpools are engineered to maximize the unique benefits of hydrotherapy.

SPA EXPERIENCE

Whether you are in the mood for a soothing relaxation or an invigorating hydromassage, Kohler's breadth of products, features and options will transform your bathroom into a personalized retreat.

THOUGHTFUL DESIGN

Kohler® delivers an extensive array of unique hydrotherapy experiences and styles - antique to contemporary, luxurious to minimalist - that can be customized to suit your experiences.

DISTINCTIVE FEATURES

Streamlined Nozzles: Newly upgraded nozzles, bring safety and comfort to you with its only 3mm height, that you cannot feel it.

Intelligent Cleaning System: The pipes are designed to purge the water completely, preventing residual water and breeding of bacteria. A manual cycle can be activated at the touch of a button to quietly purge residual water from the air channels. An automatic cleaning cycle is activated about 30 minutes after each use. Kohler's strict quality inspections ensure product safety.

IDEAL WHIRLPOOL AIRJETS

With bi-directional air jets and a unique swirling bubble effect, you experience a relaxing massage with the consistent flow of air and water pressure.

FLEXJET TECHNOLOGY

Flexjet whirlpool jets are individually adjustable to target specific areas of your body. They adjust 360-degrees for intensity level and 60-degrees for direction, and deliver the optimal mix of air and water.

DESIGNED FOR HYGIENE

The pipes are positioned and designed to conduct a complete purging of water, preventing residual water and bacteria breeding. Strict quality inspections are conducted on the pipes to ensure usage safety.

INTEGRATED WHIRLPOOLS

Kohler_® integrated whirlpools provide bathers ease of use by pre-installing the faucet, bath apron and bath drain before delivery. This saves the bathers time for finding complementing fittings for the whirlpools.

DUAL MASSAGE SYSTEM

In additional to bi-directional air jets, select Kohler_® whirlpools also come installed with effervescence air ports.

WATERPROOF REMOTE CONTROL

Select models come with a waterproof remote control which adds further customization and convenience.

$\hbox{WHIRLPOOL} \mid \hbox{CHROMATHERAPY} \mid \hbox{EFFERVESCENCE} \mid \hbox{DUAL-SEATER}$

With two distinct bathing wells of different depths and a cool-off area, this whirlpool lets you create your own home-spa experience

- 6 hydromassage jets can be individually adjusted for water flow and direction
